Dear ECLSO Friends and Colleagues

It is my great pleasure to congratulate **Professor Dr Adriana Stanila**, President of the Romanian Society of Contact lenses and Ocular Surface and Vice President of the ECLSO to the most successful, informative and enjoyable **RCLSO Congress 2025/ 7-8 November 2025** in Sibiu, Romania.

The essential topics included lifestyle and ocular surface, updates on contact lenses, ocular surface pathology, dry eye syndrome, myopia control and other subjects that significantly influence our daily practice. Adriana had renowned experts from Romania and abroad, and she encouraged active contributions and participation.

In true style Adriana had organised a superb meeting in Sibiu, with an excellent programme from "Dry Eye Disease" to "Dry Eye Management in cataract Surgery" to "Ménage à trois: Sex, Sex steroid and Dry Eyes", from "Update on contact lenses" to "Myopia control", from "Paediatric ophthalmology" to "Keratoconus and LS transplant".
